EXPERIENCE

DATA X POWER LTD.

Hanoi, Vietnam

DataX Power enables large-scale digitalization, especially AI/Machine Learning, with IT consulting and services.

Business Development Executive & Business Analyst

Nov 2025 - May 2026

Business Analyst

- Mapped and documented business processes, especially Quote-Invoice-Payment flows, for a **Franchise Management System**, producing flow diagrams, functional specifications, and workflow documentation to align development with business requirements.
- Conducted requirements analysis for a manufacturing client's **Business Intelligence Enhancement project**, including demand forecasting, order fulfillment, and inventory management processes.
- Defined requirements, designed workflows for a **vibe-coded internal Automated Lead Generation Tool** using AI-assisted development as both business analyst and end-user.
- Translated complex business requirements into structured documentation (process flows, data dictionaries, user stories) to support cross-functional alignment between business stakeholders and technical teams.

Business Development Executive

- Conducted market, technology, and policy research; synthesized findings into structured analyses and proposals that supported cross-functional decision-making, achieving a **12.5% proposal win rate**.
- Performed stakeholder engagement with industry leaders across APAC and the UK, generating insights to support project coordination and strategic planning.
- Designed and implemented **AI-driven workflow automations** (using Antigravity, Claude, and Perplexity) to reduce manual effort and ensure on-time delivery across multiple concurrent workstreams.

Learning points: *Business Process Analysis & Documentation, AI/Agentic AI Workflow Automation, AI-Assisted Tool Development, Cross-functional Project Coordination, Requirements Elicitation, Stakeholder Engagement*

TRANSPORT ENGINEERING DESIGN INCORPORATED

Hanoi, Vietnam

TEDI acts as a leading transport infrastructure consulting firm supporting the planning, design, and implementation of strategic transportation projects across Vietnam.

Marketing and Project Formation Intern

Jun 2024 - Jul 2024

- Coordinated with **Vietnamese, American, and Australian stakeholders** to define project timelines, track deliverables, and ensure on-time submission of cross-border project proposals.
- Analyzed investor requirements and evaluation criteria, translating complex information into **structured bidding documentation**, including proof of experience, expert credentials, and compliance materials.
- Managed and consolidated documentation across 10 departments and subsidiaries, contributing to the successful submission of **8 project proposals**.

Learning points: Project Coordination & Timeline Management, Requirements Analysis, Stakeholder Communication, Documentation & Process Improvement

AIESEC IN VIETNAM, FHN BRANCH

Hanoi, Vietnam

Customer Acquisition Executive | Global Talent

Feb 2024 - Jul 2024

Global Talent program provides youth with international and professional career experiences.

- Built weekly and monthly performance dashboards to monitor progress, identify operational bottlenecks, and propose data-driven improvements to team workflows.
- Generated 143 LEADS through different tactics and channels (Facebook, Zalo, Threads,...), **achieving 230% KPI, and increasing the conversion rate to Exchange Participants by 25%.**
- Consulted international internships to LEADS and supported them in the application process.
- Managed relationships with **20+ external stakeholders**, including media sponsors, international AIESEC partners, and customers, coordinating across teams to align goals and ensure timely execution of joint initiatives.

Learning points: Data Monitoring & Reporting, Cross-functional Collaboration, Stakeholder Management, Operational Workflow Improvement

Marketing Executive | The A Program

Apr 2023 - Jan 2024

The A Program is a pioneer youth-run ecosystem about Product Management in Vietnam.

- Planned and executed promotional campaigns on Facebook, Email Marketing, etc.
- Collaborated with various external stakeholders to achieve promotional goals, including the University partners, Key Opinion Leaders/Key Opinion Consumers, and Ambassadors.
- Managed and grew a **Product Management community** of 8,000+ members (achieving ~10% monthly growth), organizing knowledge-sharing content and engagement initiatives.
- Attracted contestants for a competition and delegates for a course, **achieving over 100% KPI with more than 500 contestants and 200 delegates.**

Learning points: Market Research, Strategic Planning, Content Marketing, Copywriting, Image Editing, Social Media Management, Community Building
